**BUILDING SOUTH INDIA'S
FUTURE WITH SMART,
SUSTAINABLE, AND
IMPACTFUL REAL
ESTATE SOLUTIONS**

WHO WE ARE?

Founded in 2013, Bangalore-based real estate & infrastructure company

Delivering residential, commercial & industrial projects across South India

Vertically integrated model ensuring speed, quality & cost-efficiency

Over 110+ Cr portfolio delivered

OUR GUIDING PURPOSE

The background image shows a person walking away from the viewer on a highly reflective, polished floor. The floor reflects the person and the bright light coming from the horizon. In the distance, a city skyline is visible under a dramatic, orange-hued sunset sky. A large, dark, triangular structure frames the scene from the top and sides, creating a sense of depth and perspective. A bright, vertical beam of light descends from the top center of the frame towards the horizon, illuminating the scene.

VISION

Redefine urban development with
sustainable, functional, and inspiring spaces

MISSION

Deliver innovative, high-quality projects through advanced design, sustainable practices & transparency

GOLDEN GLOBE

**WORLD-CLASS
HEALTHCARE**

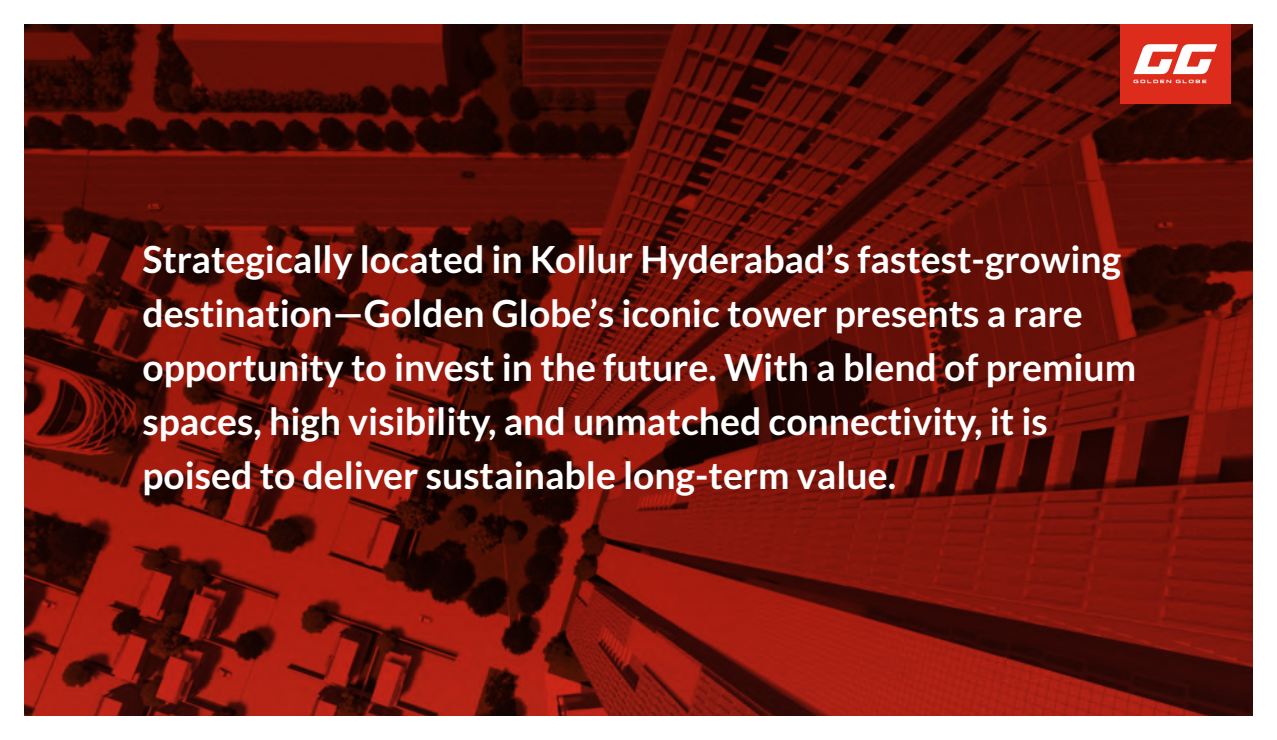

A large, modern multi-story building with a grid-like facade of windows and balconies. The building is illuminated with a warm, reddish-orange light, suggesting either sunset or sunrise. The sky is a deep, dark red, and there are some trees visible in the foreground and to the right.

With trusted partners like
Manipal Hospital, Lemon Tree Hotel and GG Convention Hall,
Harmonycity is designed to redefine modern living and
urban growth in Andhra Pradesh.

**TOMORROW'S LANDMARK,
TODAY'S OPPORTUNITY**

An aerial photograph of a modern architectural complex, likely a residential or commercial development, with a prominent red overlay. The image shows a large, multi-story building with a grid-like facade, surrounded by landscaped areas with trees and walkways. The red overlay is semi-transparent, allowing the underlying image to be visible while providing a strong color theme.

Strategically located in Kollur Hyderabad's fastest-growing destination—Golden Globe's iconic tower presents a rare opportunity to invest in the future. With a blend of premium spaces, high visibility, and unmatched connectivity, it is poised to deliver sustainable long-term value.

REDEFINING LUXURY IN BANGALORE SOUTH

Spanning 2 million sq.ft., this iconic development is designed for those who seek the extraordinary. With world-class architecture, curated amenities, and an address that reflects prestige, it's more than a home it's a statement of success and sophistication.

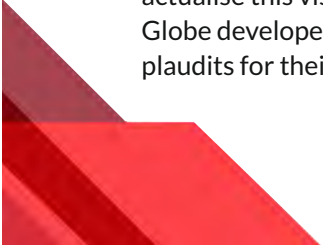

**LEADERSHIP
TEAM**

Mr. Ravi Nettyam **CMD**

Creating a global city like quality living in Tier II and III cities of a country such as India takes great insight, technical expertise and relentless passion. Ravi Kumar, an embodiment of all the three qualities, founded Golden Globe with the mission to actualise this vision. Under his effective leadership, in less than 15 years, Golden Globe developed a number of international quality projects which have earned plaudits for their quality, aesthetics and state-of-the-art amenities.

A large, abstract graphic in the bottom-left corner consisting of several overlapping, semi-transparent red and maroon geometric shapes, including triangles and polygons, creating a dynamic, layered effect.

Ravi Kumar, who displays exemplary social responsibility as an entrepreneur, makes sure that all the customers who aspire to be home owners, are extremely satisfied with the pricing, planning and social infrastructure. He ensures that their dreams do come true - that of a quality life with their loved ones and that of enjoying the perfect work/life balance. The numerous accolades won by Golden Globe exemplify the high level of customer satisfaction.

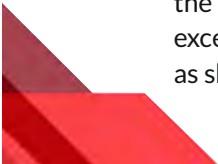

With the able hand of Ravi at the helm, Golden Globe looks ahead to navigating a course that will see many more successful “Harmony Cities” dotting the landscape of India.

DR. N VINILA
Director

Dr. Vinila's overwhelming passion to create masterpieces that meet the needs of a developing nation as well as the dreams of an individual, saw her journey from the medical field into the construction world. A firm believer in harnessing technology and innovation to come up with world class, eco-friendly solutions, she is the driving force behind the organisation's emergence as a 'green' developer offering environmentally sustainable living for the betterment of the community as well as that of the planet.

Dr. Vinila is steadfast in her commitment to ensure that Golden Globe maintains the highest levels of professionalism, integrity and honesty, while promising exceptional value for money, to forge long-lasting bonds with customers. Because, as she so aptly puts it, "We work towards fulfilling dreams."
